

## Fellowship Groups

Fellowship groups are a safe environment in which to explore the Bible for yourself along with a small group of people.

Fellowship groups are not cliques or dusty theology classes, rather they are places to make new friends and support one another as together (using printed materials as guides) you open up God's living Word and discover afresh what the creator of the universe wants to say to you.

There are several Fellowship Groups running either during the day or evening. If you would like to know more about Fellowship Groups please contact Malcolm or pick up one of the lilac leaflets which contains more details.
